NEW QUESTION: 1

There are clauses that confirm a data retention period in line with what is in the energy organization's security policy. The data will be hosted and managed outside of the energy organization's geographical location. The number of users accessing the system will be small, and no sensitive data will be hosted in the SaaS platform. Which of the following should the project's security consultant recommend as the NEXT step?

* There are clauses that confirm a data retention period in line with what is in the energy organization's security policy.
* The data will be hosted and managed outside of the energy organization's geographical location.

The number of users accessing the system will be small, and no sensitive data will be hosted in the SaaS platform. Which of the following should the project's security consultant recommend as the NEXT step?

- A. Review the procurement process to determine the lessons learned in relation to discovering risks toward the end of the process.
- B. Mitigate the risks by asking the vendor to accept the in-country privacy principles and modify the retention period.
- C. Develop a security exemption, as the solution does not meet the security policies of the energy organization.
- D. Require a solution owner within the energy organization to accept the identified risks and consequences.

Answer: D

NEW QUESTION: 2

To determine whether a taxable gift has been made, the IRS focuses on all the following factors EXCEPT:

- A. Was the transferred property real property or personal property?
- B. Did the donor absolutely, irrevocably, and currently divest himself of dominion and control over the property?
- C. Was the value of the gift property in excess of the annual per-donee exclusion?
- D. Was the property transferred for less than an adequate and full consideration in money or money's worth?

Answer: A
